Perennials, or Hardy Plants

People are learning that nothing will give so much pleasure with so little effort and expense as a small patch of ground planted to perennials. By using a little care in selection you may have a nice lot of flowers to cut besides a good garden display. We have nearly 50,000 plants of various kinds and are increasing our planting every year.

We list all perennials at price per single plant, but so that you may get an assortment at quantity prices instead of dozen rates, you may order as follows: For \$2.10 select to the value of \$2.50; for \$4.00 you may have \$5.00 worth, and for \$7.50 get \$10.00 worth. In larger quantity let us quote special.

Achillea the Pearl. Small double white flowers, excellent for the garden or to cut, will stay in bloom all summer. 1-yr. plants, 15c; 2-yr. size, 25c.

Astilbe Chinensis. Sometimes called Chinese Goats Beard, has fine cut foliage and feathery plumes of upright pink flowers. 25c each.

Astilbe Japonica. Similar to the last but with upright plumes of white. 25c.

Anthemis Kelwayii. A sturdy low growing plant with fine cut foliage and daisy-like yellow flowers, excellent for a border or to cut during July and August. 1-yr. plant, 15c; 2-yr. size, 25c.

Aquilegia, or Columbine, or Bush Honeysuckle. Ours are the very choicest long spurred in the most delicate colors grown from the best seed we can get which we import direct from England. 1-yr. size, 15c; 2-yr. size, 25c.

Bellis, or English Daisy. Everyone knows this pretty double flower and ours are extra large in either red or white. 1-yr. plants, 15c; 2-yr. size, 25c.

Canterbury Bell. We have some excellent plants in mixed colors of this old favorite for 15c each.

Candytuft, Iberis Sempervirens. With its mass of white bloom all through April and June, this is fine either for a border or to cut. 2-year plant, 25c.

Candytuft, Iberis Gibraltica. This is a wonder to bloom, being a mass of rosy lavender and like the white, is fine either as a border or to cut. 2-yr. plant, 25c.

Coreopsis. Invaluable either as a cut flower or for the garden, with its bright yellow flowers on long stems from June until frost. 1-yr. plants, 15c; 2-yr. size, 25c.

Delphinium. We all know the Delphinium or think we do, but remember; most of our seed comes to us direct from Kelway's in England, who are recognized as the greatest breeders of this flower in the world. We have the Belladonna, light color, and the Bellamosa, dark, in one year plants at 15c, and two-year at 25c. We will also have a limited quantity of very choice seedlings of Kelway's named varieties Gold Medal Hybrdis. If you are interested, let us know and we will send a list of what we can spare.

Dilerta, or Bleeding Heart. No old fashioned garden is complete without a clump of Bleeding Heart. 75c.

Funkia Variegata. An excellent border with its variegated green and white lily-like foliage and lavender bloom. 15c.

Golden Glow. No description necessary but if you want a quantity of bloom or to hide some unsightly place, this is what you need. Good large clump for 15c.

- Heleborus, or Christmas Rose.** We make a specialty of these pretty and curious plants. The coarse, deep green, deep-cut foliage makes a pretty clump all summer, but early in the fall they commence to bloom and are covered all winter with a pretty waxy, pinkish white flower like a single rose. We often go out and dig the snow away to gather them. 50c per plant.
- Hardy Pink, or Dianthus.** We have a very fine lot of these in large plants, but the labels became mixed so we are offering 2- and 3-yr. stock for 15c.

After seeing your display of Burbank tomatoes at the Norwich fair, I decided to try some. I had one 10c package and I think every seed grew. The plants were fine and just loaded with nice tomatoes and the best thing about them they were every one ripe before the first frost. You sent me a trial package of R. P. H. Pepper seed which I wish to mention. They had more than a dozen to a plant and I never have been able to raise them at all in my garden before. Please send your new catalog to the following names. Yours for business. Mrs. C., Cincinnati.
